Our success is to fulfill the customer needs and requirement to serve their critical mission such as mobile command center, rapid response vehicle, Digital Satellite News Gathering (DSNG) etc. We have the variety of mobile vehicles, small, medium and large vehicle, to fit our customer budget, meet requirement and comply the policies.

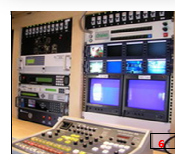

### Small Wireless Mobile Vehicle (SWMV)

- 4X2 Wheel Drive, Toyota Fortuner
- Stabilizers
- Satellite Ku-Band Tx/Rx System with 1.2m Antenna, BUC, LNB and Modem
- Point to Point Broadband Wireless Access
- Wi-Fi Access Point - 802.11n
- Radio Interconnect System with VHF/HF/Trunk Radio, GSM, VoIP, Satcom etc
- Video Conference System

### Medium Wireless Mobile Vehicle (MWMV)

- Long Wheel Base VAN (Mercedes Benz Sprinter) with 4X2 Wheel Base, 5 Ton Load, 2400 cc. with Stabilizers
- 10 KVA Electrical Power Generator with sound-proof enclosure
- Air-Conditioning
- Satellite C-Band Tx/Rx System with 2.4M Antenna, BUC, LNB and Modem
- Point to Point Broadband Wireless Access
- Wi-Fi Access Point - 802.11n
- Radio Interconnect System with VHF/HF/Trunk Radio, GSM, VoIP, Satcom, etc.
- Video Conference System

### Large Wireless Mobile Vehicle (LWMV)

- Long Wheel Base 6 Wheel Truck 15 Ton with Stabilizers
- 24 KVA Electrical Power Generator with sound-proof enclosure
- Air-Conditioning
- Satellite C-Band Tx/Rx System with 2.4M Antenna, BUC, LNB and Modem
- 12 Meter Telescopic Mast for BWA
- Point to Point Broadband Wireless Access/WiMAX
- Wi-Fi Access Point - 802.11n
- Radio Interconnect System (JPS) with VHF/HF/Trunk Radio, GSM, VoIP, Satcom etc.
- Video Conference System
